TWO THOUSAND THREE

Good Riddance (Time of Your Life)
-Green Day

Another turning point, a fork stuck in the road
Time grabs you by the wrist, directs you where to go.
So make the most of this test, and don't ask why.
It's not a question, but a lesson learned in time
It's something unpredictable but in the end is right
I hope you had the time of your life
So take the photographs and still frames in your mind.
Hang it on a shelf in good health and good time.
Tattoos of memories and dead skin on my soul
For what it's worth: it was worth all the cost
It's something unpredictable, but in the end is right
I hope you had the time of your life

This is it~the years that we'll look back on when someone says "high school." [illegible] the share of fortune, failure, joy [illegible]. You cannot do all of sadness and mistakes because you are in the middle of the forked road, leading to multiple directions and different destinations. High school is the end of our childhood, but the beginning of our future. Forget your classmates judgement, unnecessary drama, tears, and the enemies you may have foolishly created. Remember the moments of friendship, laughter, and love. These are the memories we will recall in twenty years, They are the stories that we will share with new friends, family, and children. Let us make the best of everything and anything possible. Let all grudges go, wipe away any tears, and put a smile on your face because this is the closing of our high school chapters.

TWO THOUSAND THREE

The life of a student was very complex. There was always so much to do. Classes had to be attended, after school activities had to be participated in and life had to go on at home. Many students didn't do anything in or out of school and, therefore were very bored. Many other students, however, were involved in so many activities that it was hard to figure out how they were able to get everything done that they had to do. But school was not very different from the rest of the world. There would always be those people who never seem to have anything to do and those others who were always so busy that they never had any time to do nothing.

Andrew Indiano finds that life on the soccer field occupies much of his time and gives him many memorable moments.

WET AND WILD

Homecoming game festivities plagued by wind and drizzle

The Homecoming Game was a time where people and their dates came to watch and cheer on their school. At this game, however, the pouring rain impeded some of the fans. The pregame began with the Euclid High School Marching Band playing the theme from "Jurassic Park". Then as they were playing, the candidates for homecoming court were escorted across the field by their escorts.

During the game the rain couldn't stop the panther pride as fans stayed and the Marching Band played through the storm. The panther football team plowed through Lakewood and dominated the game. At halftime the panthers were leading 13-0.

The halftime show consisted of announcing the winners for Homecoming court and the EHS Marching Band show. The winners of the Homecoming court were: **Dan May** for King, **Stephanie Svoboda** for Queen, **Danquan Williams** for Prince, **Jonita Hughes** for Princess, **Shivon Jackson** for Junior Attendant and **Brittany Oyaski** for Sophomore Attendant. The Marching Band played the "1812 overture" during the halftime show and had a magnificent performance. "It was great how it stopped raining before halftime, then started again after the homecoming court was announced." and "the cannon shots during the 1812 overture were awesome'" said **George Palko**.

After halftime the panthers continued to control the game. The fans showed their school and team spirit in many ways. By playing a horn, wearing face paint, or wearing a toga fans showed their panther pride. In the end, the panther football team overpowered Lakewood and came out with an impressive win with a final score of 20-0. "It was exciting and couldn't have been a better homecoming game, especially because we shut them out," said **Archie Smith.**

MIDNIGHT MASQUERADE

Homecoming dance was an exciting end to wonderful week

On Saturday, October 5, the 2002 Homecoming dance was held in the E-room ballroom. 611 tickets were sold to students attending. The dance, which had the theme "Midnight Masquerade", lasted from 8:00 until 11:00 P.M. Tickets were sold for $15 by Student Council. The E-room and ballroom were beautifully decorated with the traditional Mardi Gras colors of purple, green and gold. Lining the ballroom walls were Mardi Gras masks, which held the names of those who attended. The columns in the ballroom looked great, strung with purple and green lights, while tons of balloons filled the air. Snacks and punch were served to all as refreshments. This year's princess was **Johnita Hughes**, and **Danquan Williams** was the Prince. This year's Queen was **Stephanie Svoboda**, while **Dan May** was crowned King. **Brittany Oyaski** was named Sophomore Attendant, and **Shivon Jackson** won Junior Attendant. The night was filled with dancing, including the King and Queen dance. All different kinds of music were played, and a great time was had by all. TWO THOUSAND THREE

The class of 2003. After twelve years of grade school the class of 2003 got to that point that was so important to every high school student. They were now seniors. Seniors. That was an interesting term. The dictionary defines senior as "older in years or higher in rank" and indeed the students were the oldest and had the highest rank of all the students at Lincoln High School. They were the ones that excelled on most of the sports teams. They were the ones who controlled all the clubs and organizations in the school. They were the ones who had the most experience and knowledge of all the students in the school. They were the ones who had their driver's licenses and most had cars and could go anywhere they wanted to. Most had jobs and responsibilities at home and at school. It was all relative, though, since many were planning on going to college in the fall and then they would be freshmen all over again. Even if they were not planning on some sort of post secondary education and intended on entering the work force in the fall they would begin at the bottom of the ladder in most cases and have to work their way upward. It was great to be a senior...too bad it wasn't forever.

LAST YEAR IN HIGH SCHOOL

Seniors become the most important students in the school

What was it like to be a senior? It meant lots of memorable moments since the seniors were the oldest in the school. They were the most mature. They had the most knowledge. They were the ones who were the most active both in and out of school. Most of them had jobs. Most of them enjoyed their years at Euclid. Less than half participated in school sports. Most came to school in a car. About half of them owned their own car. Most have not attended Euclid schools all their lives. Most believed it was important to be in school every day and most tried to be in school every day. Most of them lived in a house and were planning on going to college after they graduated from Euclid. They wee the ones who were the most dependable when it came to getting things done. Seniors have always been the backbone of Euclid High School and the class of 2003 was no exception.

Above Right: **Anisa Kristollari** relaxing and knowing that she is a senior and helping to make memorable moments.

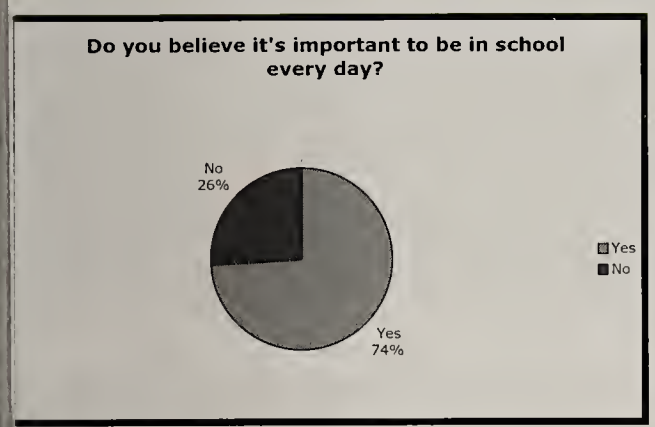
ATTENDANCE IS IMPORTANT

Most seniors believe they should be in school every day



Did you come to school every day? Most seniors believed that it was important to be in school every day. In fact, about three out of every four seniors responded that they believed that it was important to be in school every day. This was good since it meant that they recognized that school was a place where learning took place and that if they wanted an education they had to be there.

Above Left: **Dorian James** knows he has to be in school in order to get his work done.

The second annual Powder Puff football game was held on October 16 in DiBiasio Stadium. It was a challenge for the players and the fans. The fans had to rough it through strong wind, hard rain and harsh cold, but they still had fun. The blue team started things off quickly moving into the end zone efficiently on their first possession. However, they could not keep up the momentum and by half-time the score was very close. The gold team pulled ahead in the second half and ended up winning 15-12. The cheerleaders were also a great part of the game. They had practiced together and were really able to come up with some enjoyable routines. The weather was bad but the action taking place on the field and with the cheerleaders made it a very pleasant experience for all who attended.

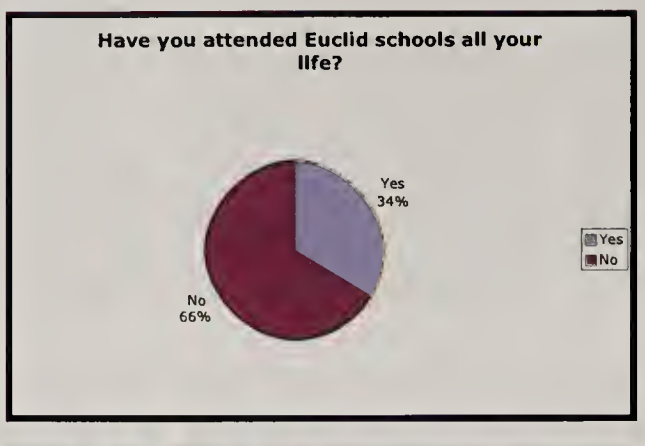
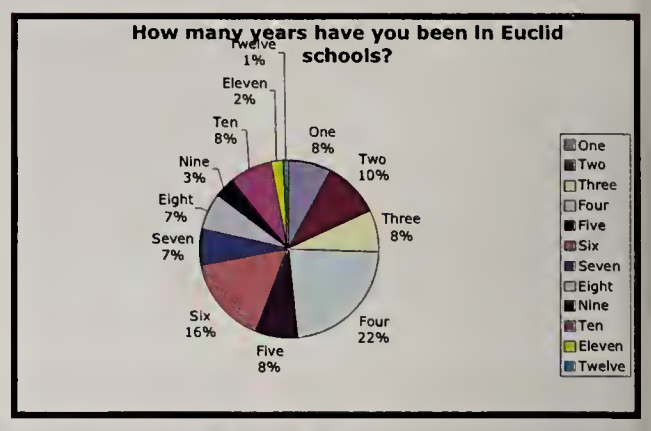
TRANSIENT POPULATION

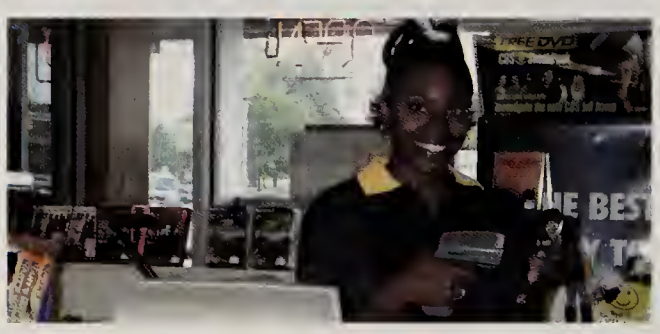
Most Euclid students have not attend Euclid schools all their lives

Most of Euclid's seniors did not attend Euclid's schools all their lives. Of the seniors who responded to the poll only about 34% said that they had been in the Euclid school system all their lives. This was a very big drop from the previous year when more than 60% of the seniors said they were in the Euclid schools all their lives. When asked how many years they attended Euclid schools the largest percentage was for four years indicating that students entered the school system in the ninth grade.





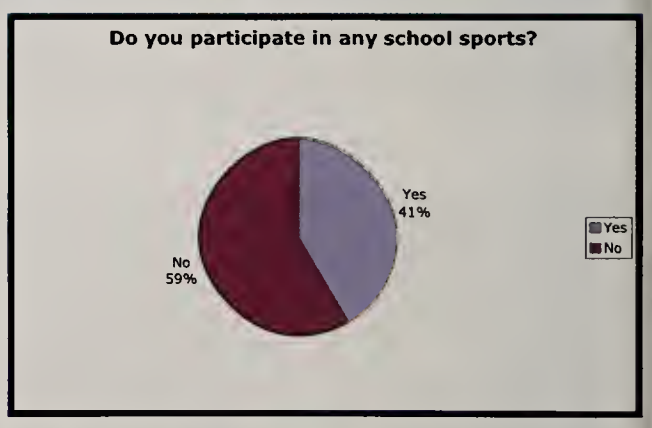
Kalea Williams, Ashley Hrovat and **Lindsey Woyton** know that they must be in a school district for a long time to get the benefits of it.



ATHLETIC PARTICIPANT

Most Euclid students do not participate in athletics

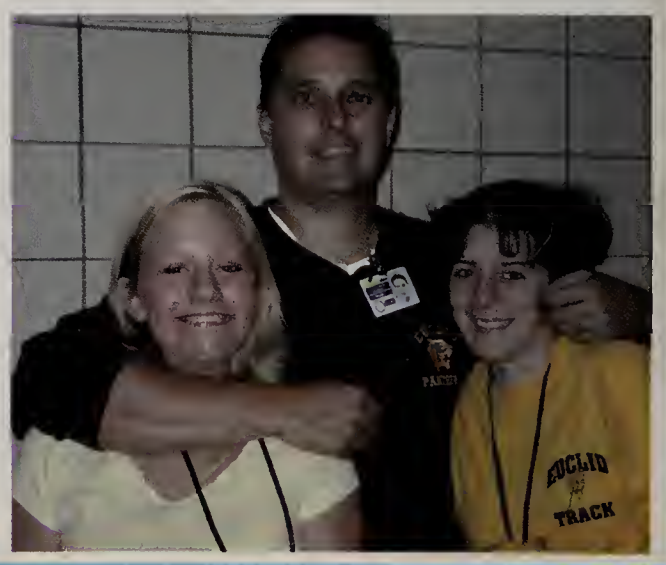
Athletics was a very important part of the day for many students. But almost 60% of Euclid's seniors responded that they did not participate in athletic activity at the school. Not everyone finds that they have to get their satisfaction in life from competition in a sport.



Above Right: **Kristin Pavicic** enjoys helping young people with their cheerleading skills.

Right: **Stephanie Black** is active in athletics and entracurricular activities at Euclid High school.

Far Right: When psychology doesn't work, use force. Mr. **Steve Marcu** shows how he has to restrain **Jennifer Janda** and **Kristi Tutolo** before class.



ENJOYABLE TIMES

Most Euclid seniors agreed that they enjoyed their years at Euclid High School. 86% responded that they did. This was very similar to the previous year when about 85% of the seniors said they enjoyed their years at the high school.

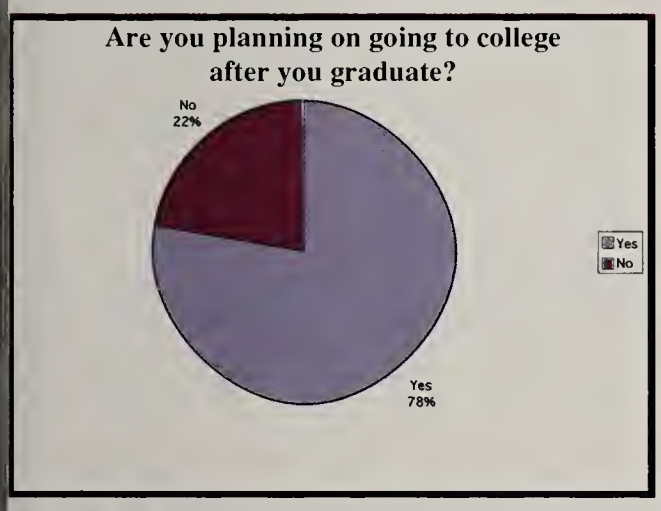
PLANNING ON COLLEGE

Most Euclid seniors hope to be going to college



About 78% of Euclid seniors were planning on going to college. This number was down from previous years when more than 90% said they were planning on going to college. One increasing trend was the number of students that were participating in the post secondary program where they were attending college classes while in high school. Other students were planning on going into the armed services where they could get money for attending college at a later time.

Above Left: **Jennifer Shea, Ross Salupo, Tara Potulski** and **Kasey Collins** work at the library to earn money for college.

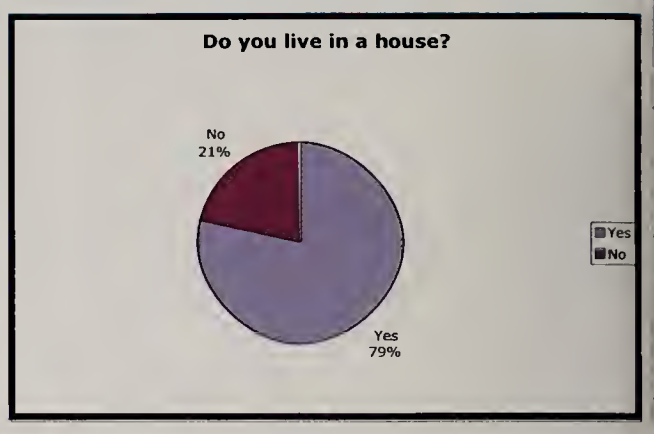
Far Left: **Caitlin Proctor** got a chance to fly an airplane as a Young Eagle.

Left: **Jackie Dula** works hard in the Marching Band. This is good preparation for all the work she will have to do in college.

WHAT DO YOU CALL HOME?

Most Euclid seniors live in a house

Euclid had many apartments but most seniors reported that they lived in a house. 79% of the seniors who responded to the poll said that they lived in a house. This was the same percentage that reported living in a house the previous year. The American dream was always to be able to live in a house and most of Euclid's seniors were realizing that.



Fallon Davis, Kalea Williams, Jenny Janda, Jerome Jackson and **Jayson Hayes** all know the advantage of living in a house.

GETTING TO SCHOOL

Most Euclid seniors come to school in a car

How did you get to school? If you were a senior you probably came in a car and you probably did the driving. 75% of the seniors said they came to school in a car and of those 52% did the driving. Last year about 81% said they came by car and 65% said they did the driving. The automobile was an important part of every teenagers life.

TWO THOUSAND THREE

Athletics was a very big part of life for many Euclid students. It gave them a chance to participate with other students and to compete against other schools. For many students it gave them a feeling of belonging in a group. For others it gave them a chance to improve themselves physically as well as mentally. There was a wide range of sports that were available to anyone who wanted to participate in some form of athletic event.

George Palko and **Tim Basalla** had many memorable moments while playing on the soccer field.

Right: **Stephanie Svoboda** made Euclid history by being the first female to play on the Euclid football team and also scored points by kicking field goals and extra points. Here she is kicking her first extra point at Sparky Di Biasio Stadium.

DRAGGED DOWN BY INJURIES

Varsity football team hampered by lack of depth and health

The 2002-2003 Euclid Football team had a rough season this year. The team finished with an overall record of 6-4, and 5-2 in the L.E.L. giving them the third place title. Great performances were shown by quarterback **Delano Rodgers**, running back **Allen Richardson ,** and tackle man **Jerome Jackson.** An unfortunate event occurred after the fourth game when **Delano Rodgers** suffered a broken collarbone and was out for the season. He was replaced by **Micah Coleman** who got lots of experience but was not as experienced as Delano. Micah was then injured in the seventh game and was replaced by **Allen Richardson**. The team did not have a lot of depth at the skilled positions so everyone suffered when a player got injured. The team struggled much on offence because of the constant changing of personnel. Coach, **Mike Rezzolla** tried his hardest to make up for the missing players but it was not an easy task. The football season was like none Euclid had ever seen before with a girl as kicker. Senior **Stephanie Svoboda** kicked many field goals and extra points and contributed greatly to the team's effort. All players did their best and helped in the team's success.

Stephanie Svoboda made all kinds of firsts during her senior year. She was the first girl to ever play on a Euclid football team. She was the first girl to score points for a Euclid football team. She was the first football player to be elected Homecoming Queen. It was also the first time that a Euclid Homecoming Queen kicked the winning field goal to beat Southview at their Homecoming Game by a score of 23-20.

Stephanie's major interest is soccer, however, where she earned her third straight first-team All-Lake Erie League selection. As a senior she scored 30 goals with 11 assists. During her years at Euclid she scored 69 goals and had 18 assists. All these numbers are school records. She is also a star on the fast-pitch softball team in the spring.

Boys show much improvement on the soccer field

This year was a great success for the Boy's Soccer team. The team finished off with a record of 9-6-2, losing in the first round of the playoffs to Cleveland Heights, 2-0. Most of the goals came from senior forward **Tim Basalla** and junior **Chris Smith**. The midfielders also played a major role in the Panthers' offense and defense. They were lead by senior **Greg Stahre** and sophomore **Dan Zudic**, while senior **Kurt Long**, and freshman **Matt Zuzic** and **Drew Indiano** helped control the attack. Finally, the defense really showed how they could keep up with area stars and goal-scorers by playing strong. The line consisted of seniors **Phil Marunowski, George Palko**, and **Bob Pitrowski**, along with sophomore **Rob Vazquez. Michael Zudic** did an excellent job attending the goal.

This year, the Lady Panther Varsity Soccer Team improved their record of 6-7-3 from last year to a more acceptable 9-9. Last year, the team lost four of its starting eleven players. Those spots were filled, however, by four new freshmen, including **Alyssa Kodramaz, Dana Mc Gill, Amy Barwick** and **Effie Stansberry**. The coaching staff was also new with **John Elliott** as Head Coach and **Marty Mackar** and **Alison Stahre** as Assistants. They brought new objectives and ideas to the playing style, leading to the team's overall success. All of the girls made noticeable progress and contributed something to the game. Leading the 2002 team were incredible seniors **Heather Rufo, Stephanie Svoboda, Stephanie Black, Meghan Ryan, Ianthe Alatis, Nicole Mann** and **Johnita Hughes**. This group of girls kept the team of twelve returning letter winners together and made sure the team was dedicated. **Cassi Meier** and **Michelle Zudic** were the two returning juniors. Many players from the JV team also came up to help the Varsity when needed, including **Kalie Simmerer, Erin Rice, Krystal Phillips**, and **Julie Didomenico**. Returning sophomores included **Allison Montague, Rebekah Christopher**, and **Aimee Lorig** and **Stephanie Tartaglione** who joined the team for the first time.

The 2002 season was hard fought but unfortunately some of the girls missed parts of the season due to injuries. A huge amount of improvement was made and the future should be promising.

RUNNING THROUGH THE FIELDS

Cross country teams had some hot, dry days in the sun

The 2002 Euclid Boys' Cross Country team had a difficult year due to lack of participation They had to suffer through many hot and dry practices and meets in order to get through the season. The runners improved throughout the season but only had a limited pool of participants to draw from. **Michael Watson** was the best runner on the team but there wasn't much help from the other runners which is why the team finished well in the back of the pack and ended up 7/8 in the L.E.L. Coach, Mr. Steve Rodriquez hoped for greater participation in the future.

-Malcolm Mc Cauley

NEEDED MORE PARTICIPATION

Girls' cross country often didn't have enough runners to qualify

om Woldering and **Angela Lynn** working their way around the course.

This cross-country season was full of surprises. The season started with a team of five members, which didn't last very long. The whole season the team was searching for depth. There were a few first year runners that made a great impact and had a great break through season. **Cheryce May,** a freshman, ran wonderfully all season. She placed very well in all of the races and was able to advance to regionals. Senior, **Amelia Uter** also had a great season along with **Cassie Taylor** and **Amelia Mehtar**. The team inmproved theri times overall. **Tiffany Compton** contributed greatly to the team and is expected to perform even better next season.

STRUGGLED THROUGH

Boys basketball couldn't produce the points and had a disappointing year

It took a lot of discipline, dedication and hard work to be a part of Euclid's basketball teams. Candidates went through 2 months of preseason conditioning and weight lifting before they could even try out for the team. Led by Head Coach **Sean O'Toole** and **Doc Daugherty** and assistant coaches, **Greg James** and **Jon Hammond** the varsity team pursued their opponents with relentless aggression and dedication to the game. The team ended the year with a 4-18 record but they showed improvement as they progressed through the season. All of the losses were close games.

Starting players included **Brandon Mimes** who averaged 25 points per game, **Phil Stewart**, who was said to have the best jump shot on the team, **John Dickinson** who was only a sophomore, **Sean Haynes** who was assigned the task of defending the most talented player on the opposing team, **Chris Seawright, Desmond Motley** and **Adam Lenin.**

GETTING BETTER BUT NEEDED

Wrestling quality improved but too many

The 2002-2003 Euclid Panther Wrestling Team had some bright moments but suffered in the end because of lack of participation. In many meets they had to forfeit at several weight classes and that made it very difficult the record a team win. They were only able to win one match throughout the season which was much worse than last year's eight wins. As usual, they had good talent at some of the weight classes but couldn't back it up in all of them. The players worked hard but there was just too little to work with.

NOT ENOUGH PARTICIPATION

The 2002-2003 Euclid Panther Hockey Team struggled during its recent season. They dealt with losing some great seniors from last year, but these spots were filled as best as possible by new players. Injuries and conflicts with opposing teams were also reasons why there was a shortage of players at times. Led by seniors **Brian Ostrander, Mark Silvaggio, Brad Nagle**, and **Adam La Bounty**, the team finished in last place in the Blue Central Division. The final season record was 8-17-1. The goal was guarded by **Nick Braddock** and everyone played their hardest while out on the ice. The team was coached by Mr. **Frank Soltesz** and Mr. **Al Bartucci.**

KEEPING UP THE ENTHUSIASM

This year, the football cheerleaders began their season in June with a cheerleading camp at Kent State University. At camp they learned new cheers, chants and dances and improved their basic skills. They took a month off and then resumed practice in August. The cheerleaders had some great cheers for the games including the ever-popular "E-H-S cheer" in which they spell E-H-S with their poms. **Kristin Pavicic** and **Kellie Brys** were elected captains and helped coach, **Janet Scott**, lead the squad through a great season of cheering.

This year, basketball cheerleaders had the goal of creating a halftime dance by their first game against VASJ. They had very little time to do it, having just a few weeks between the end of the football season and the beginning of basketball. They did, however, get the dance completed and were able to perform it at the first game. The girls cheered on the sidelines during the game and cheered on the floor during time outs. Their halftime dance was performed to music over the PA system. **Shelly Hammond** and **Michelle Watson** were voted as captains and helped coach **Janet Scott** lead the squad through a successful season of cheering.

TWO THOUSAND THREE

For many students 2:25 pm signaled the end of the school day and the end of their life at Euclid High School. But for many others, 2:25 pm was just he beginning of all the things that they were involved in. There were many sports and after school activities that a person could get involved in if they had the desire. Most clubs met immediately after school but there were some like Key Club which would meet in the evening. Being a member of a club was a great way to meet other people who had similar interests and enjoyed helping out around the school.

If you can sing well and dance, then Varsity Chorale could be for you. They sang the National Anthem and Alma Mater before the home football games and put on several preformances throughout the year.

The East 222nd Street Jazz Band presented their annual Winter Concert on Monday, December 16 in the auditorium along with the Voices of New Life Gospel Choir. MARCHING TO THE BEAT

Marching Band added color and music to the halftime festivities

The Euclid High School Panther Marching Band began the 2002-2003 early, very early. The first day of practice was August 13th at 8:30 a.m. For two weeks they drilled and practiced their instruments and movements until show 1 was perfected. They performed Show 1 for the first 6 football games and Show 2 for the last 4. Every Thursday evening from 2:45-5:00 the band was out on the practice field working on their performances. October 11 was the first time that Show 2 was performed and it began with Thriller since that was the song they did their dance to. They ended the season with their annual script *Euclid*. Ms. **Diane Tizzano** and Mr. **Christopher Scott** were the directors for the group.

The 2002 Flag Corps consisted of over twenty girls full of spirit. Performing with the Marching Band and Majorettes, the girls twirled their flags and danced to contribute to the excitement of the halftime shows at both home and away football games. The girls' director was Mrs. **Tammy Ewing**, and senior **Stephanie Nunley** was head captain. Co-captains were seniors **Jennifer Balogh** and **Kim Svoboda**, as well as junior **Kim Carotenuto**. A highlight of the season was Senor Night, when feature twirler, **Betsy Kunsman** twirled with fire. The Euclid High School's Varsity Chorale (also known as V.C.) has been a part of the music program for many years. Mrs. **Reiko Carey** was the current director that has taken the students and taught them how to perform to the best of their abilities. This year was the first one under Mrs. Carey's direction that they have decided to be a competition show choir. Instead of them just singing for the high school and the local community they began singing to win.

All the students that participated in V.C. dedicated a lot of time to practice. "It's all worth the time and energy. I love to perform" says **Jon Calabrese** (a second year member). Their routines weren't the easiest things to learn. Singing and dancing at the same time as well as they do took a lot of talent, which each member possessed. The members worked together and produced a winning season.

The cast consisted of **Chernita White, James Jones III, Jason Weber, Kyle Collins, Emily Kliever, Brandon Fleming, Dean Bryson, Kyle Strodtbeck, Anthony Bagwell, Cathy Smedley** and Horace. The play involved the antics that a group of amateur actors went through at a party being held after the opening night of a play. It showed the different feeling and opinions that the different actors had and how they interacted with each other. Despite the short amount of time the cast had to prepare the players really pulled together, treating the audience to three great nights of laughs.

STUDENT GOVERNMENT

Student Council plans many of the events in the school

Many students showed their school spirit by being a part of Student council. Under the supervision of Ms. **Sue Amato** and Mrs. **Sue Withers**, student council was in charge of many fun and important events through the year. Though it was most commonly known for planning Homecoming and Winterfest, the council also helped with the blood drives and Harvest for Hunger. Students also wrapped Christmas presents at Borders bookstore and raised nearly $600 for Gail Casey's children. This year, **Stephanie Black** served as President and **Amelia Mehtar** was vice President. **Karen Mannarino** was secretary and **Dan May** was treasurer.

LEARNING ABOUT THE MILITARY

NJROTC helped students learn about military life

l of the NJROTC members were at the Annual Inspection held on February 11 in the gym.

A fun program, N.J.R.O.T.C. taught students at Euclid High School to be better and more responsible citizens. After joining the group, there was no obligation to go into the military. However, those who were dedicated to serving could go into the military after graduation from high school. If they were good enough they had an opportunity to go into the military academies such as Annapolis. The students attended many drill and rifle competitions that were held throughout the year and the students had a thrilling experience both in and out of school. SgtMajor. **L. M. Isaacs** and Mr. **Bill Gray** were in charge of the program.

RED CARPET AFFAIR

The annual Winterfest dance was held on Saturday, February 22, 2003 in the E-Room ballroom from eight to eleven P.M. Student Council themed the dance "Red Carpet Affair", with Hollywood being the basis of the decorations. The name was appropriate because there was even a real red carpet for attendees to stroll down as they entered the dance. The colors were black, red and silver. The E-Room was beautifully decorated with balloons everywhere, a huge Hollywood hills sign, a huge clapboard, and even a life size Oscar. This year's attendance of 275 people was an increase from last year. The Winterfest Court, which was announced at the previous evening's basketball game consisted of Jennifer Lee as Senior Attendant, Rio Green, Princess, and Tamika Nunley as Winterfest Queen. The Winterfest King was Cole Nemanic. Everyone who attended the dance seemed to have a really enjoyable time. Professional pictures were taken with an attractive backdrop, and punch and cookies were served. The DJ was the same as for Homecoming. He played a wide variety of music, from country and pop to rap and hip hop, to line dancing and alternative music. There was a large screen in the front of the ballroom that showed the music videos of the song being played at the time. Before everyone headed home for the night, each person was given a practical silver photo album and a filmstrip keychain to have as a remembrance of the wonderful evening.

AFS helps students learn about other cultures

The American Field Service (AFS) was a fun and exciting program which was led by Mrs. **Pam Amos**. The AFS club allowed students to learn about different cultures and societies. The AFS club was a very diverse and unique club that allowed some students to travel to other countries. The students in the club gained insights to many different countries and cultures. They learned about events occurring in other countries and how these countries developed.

The Unity team was a group of students who were interested in unifying all the different groups of students at Euclid High School. They did a lot to bring unity to the school. On January 24 they presented a "Flash Judgements" program with the Mediators group. The purpose of the program was to show how much people use first impressions to judge others. Mrs. **Libby Russo** and Mrs. **Edie Mellen** were the advisers for the group.

The Unity Team tried to get things to work together.

Whether it was during or after school the peaceful atmosphere of the Mediation Room was very welcoming and helpful. Furthermore, with help from student mediators, tense situations were mitigated and conflicts between students were resolved if the process was successful. In order to become proficient, it was necessary for the mediators to practice their skills with their classmates so they could help out in the best way possible. Ms. **Kathleen Mc Donnell** was the adviser for the group and organizer of all their activities.

HELPING AROUND THE OFFICE
Office Aides make work easier for the secretaries

There were many different offices at Euclid including the Unit, Guidance, Registrar, Attendance, Athletic, Security and Clinic. All of the staff in the offices were here for the students but they had to communicate with the students and that was the job of the Office Aides. Every office had some aides most periods of the day. The aides were there to get the students out of their classes when they were needed by their Unit Principal, their Guidance Counselor or any other authorized person. They also helped out around the offices doing many different secretarial tasks. The Office Aides could help out if they had good grades and an available study hall.

KEEPING THE CARS RUNNING

Vocational Automotives instructs students about our personal transportation

The Vocational Automotives course at Euclid High School was an excellent class for students who wanted to go into the automotive repair business or just learn how cars ran and how to fix them when they weren't running. Supervised by the expert guidance of Mr. **Tony Rozman**, the students got all of the help they needed. Whether in the classroom or in the shop, the students were challenged daily with new car troubles. Juniors met in the morning while the seniors met in the afternoon. By the end of their second year, these young mechanics knew how to fix almost any car problem. Students going through this program would have no problem finding work in the auto repair field.

CISCO shows students how to network computers

CISCO: Instructor, Mr. Roy **Pignatiello, Kevin Miklavcic, Claudio Gentile, Mike Manfredonia, Sterling Keaton, Josh Gundelach, Rob Humenuik, Rahul Malik.**

2002-2003 saw the beginning of new course at Euclid High School called CISCO. CISCO met three periods a day for two years and taught students the basic and complex parts of computer networking. This was an up and coming field since networking was everywhere. Computers were a part of everyone's life and they had to be tied together so they could network with each other. This class was begun by former Assistant Principal, Mr. **Justin Antonini** and was taught by Mr. **Roy Pignatiello**. It was an honors level and very challenging class.

In CISCO the students learned the design, installation, maintenance, and management of network systems. Using CISCO routers and switches, students were taught how data was sent and managed by different devices. Students learned how to set up ftp sites, Virtual Private Networks, Web Hosting Services, etc. The concepts learned in the class would lead to a promising career in the computer industry. The students were being prepared for the CCNA test(CISCO Certified Network Associate degree) at the end of the 2 year course. The material helped the students get their Network+ certification.

GETTING YOUR CREATION PUBLISHED
Eucuyo publishes book of student's works

Eucuyo was Euclid High School's literary magazine which allowed students to submit stories, poems, and art to be published into a booklet. Once submitted, Eucuyo members reviewed the works and selected the best ones to fit into the booklet. The members then typed up all the works and assembled them into the book which was published in the spring. This year saw Mr. **John Aurigema** taking over as adviser for the group

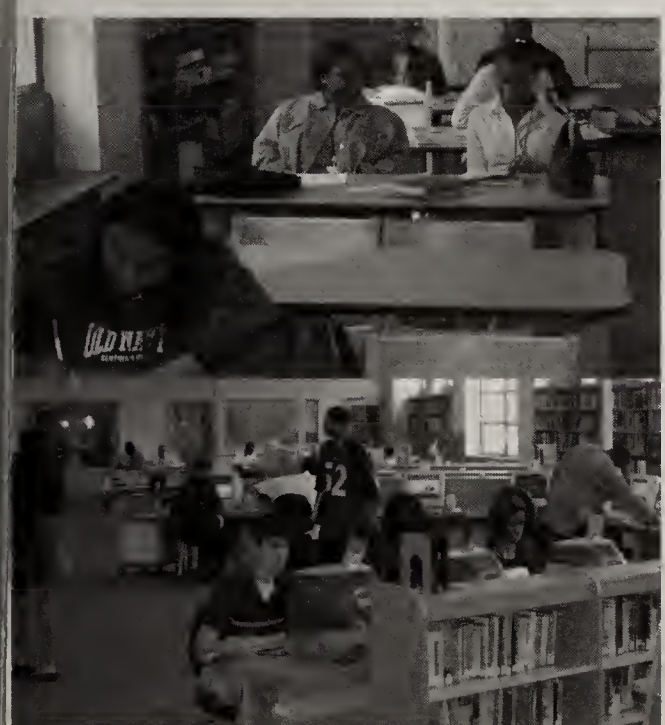
HELPING OTHER STUDENTS
Peer Tutor Program has students helping other students



Peer tutoring was a volunteer program in which a student could help out their fellow students. In the beginning of the year high achieving students received a paper asking them if they would want to participate in the program. Students responded with which subjects they would feel comfortable tutoring in. If a student was having trouble in a subject they could request a tutor by going to their counselor. The student in need was then matched up with a tutor and the tutor and tutee would meet for approximately three weeks in the library and get help. After that time the tutor received a progress report to determine whether or not the student should remain in the tutoring program or proceed on their own. Mrs. **Susan Withers** was in charge of the program and determined who was paired together. The peer tutoring program is worthwhile since both the tutor and tutee learned from the experience.

-**Jenna Church**

The library was a excellent place for the students to tutor since it was clean and quiet. The library was reconditioned during the summer of 2002 and new carpeting and desks and tables and shelves were installed.

ART AS A CAREER

Commercial Art students prepare for life after high school

With an everyday working environment, Commercial Art helped introduce students to the business world. Through this two-year program for juniors and seniors, students expressed their ideas in different yet all very creative ways. They used their talents to create elaborate advertisements and other forms of art by hand and with the use of computers. Their skills were put to the test when they had to make and present their portfolio which the assembled during their years in the program to either an art institute or at a job interview. Mrs. **Edie Mellen** was the instructor for the group.

ALL THE NEWS THAT'S FIT TO PRINT

The Survey gets all the school news out to the student body

The *Survey*, Euclid's newspaper, kept students, faculty, and the community informed about what went on at the high school. Students that had a passion for writing and a desire to get involved took on the responsibility for getting important news out to the student body. Overseen by Mr. **Robert Petrovic**, the staff consisted of a copy editor and coeditor, layout editors, business and advertising managers, photographers, and many talented reporters. They participated in the time-consuming but rewarding process of putting the paper together: assigning and writing stories, typing them into the computer, editing, arranging the stories using PageMaker, selling ads to fund the paper, and sending the finished product to the printer. Students reported on a variety of topics ranging from sports and movies to special events, with each issue including the popular Senior Panther Profile and Roving Reporter.

FUN IN THE SNOW

Ski Club helps students enjoy the winter

The members of the Ski Club had a lot of fun on the bus ride to Brandywine Ski Area.

Want to have fun in the Winter? If so, you should try skiing or snowboarding with the Euclid High School Ski Club. It was called a ski club but most of the members elected to ride snowboards. Students went to Brandywine Ski Resort on Thursday evenings in January and February. The program consisted of five trips by bus to the ski area where the students would get lessons each week. After the fifth week members could still go out every Thursday as long as the ski area was open but they had to find their own means of transportation. The members also received three free lift tickets that could be used for any four-hour session that the student wanted to go skiing. All of this included equipment if the person was renting. It was a great way to learn to ski or snowboard. The weather cooperated and there was lots of snow and cold temperatures throughout the Winter. Mr. Bill Von Benken was the adviser for the group.

TAKING CARE OF AUDIO AND VISUAL

The Media Technicians make sure that everything gets where it's supposed to go

The Audio Visual Club students were a main part of Euclid High School life. They taped all the major performances of the Band, Orchestra or any other show put on by the school. They did all the lighting and sound set ups for all events that occurred in the auditorium, Little Theater, gyms or stadium. They produced the morning announcements that were sent to every homeroom. In addition to that they kept the copy machines filled with paper and toner and did routine maintenance on them. They fixed problems with the TVs and overheads and other equipment in the classrooms. They were an important part of keeping the school running smoothly. Mr. **Al Black** was in charge of the AV students.

GETTING THE NEWS TO THE SCHOOL

The PA Announcers greet the school every day with a smile

Dan May and **Tamika Nunley** Always had a cheerful voice as they announced important events to the school every morning.

The friendly voices of the morning announcers greeted students daily during homeroom. It was their job to keep the high school up-to-date on everything happening. From telling their fellow students about upcoming events to warning seniors of college deadlines, the announcers provided cheery reminders to all to "make it a great day". New this year was the use of a monitor to display the text to be read. This was more professional since the announcers didn't have to look down to see the announcements. Mr. **Allen Black** was in charge of the group.

ENTERING THE WORLD OF BUSINESS

There was a good proportion of students at the high school who spent their time working afterschool jobs throughout the school year. Working provided money towards the many things that a teenager needed such as clothes, entertainment, cars and college. The seniors were polled as to whether or not they had a job and two thirds of them replied that they did. Most seniors worked between 10 and 30 hours every week. The students with jobs had less time to participate in extracurricular activities but they learned the value of money and how they had to work for whatever they wanted.

STUFFING IT IN

Students use their lockers to store all their supplies

Every student at Euclid High School was given a locker to store his or her supplies. Students kept their textbooks, notebooks, folders, book bags, coats and everything else that was important to them in their locker. Many creative students decorated their lockers with pictures of sports stars, actors and actresses, models, different activities, and especially friends. Some students even put Christmas lights and other decorations in the little space that they had. Once in a while you might even find an old lunch in a locker.

Members of CRUX find strength learning about Christ

RELIGIOUS BELIEFS

CRUX allowed students to learn more about the Bible and to share Christian beliefs with each other. An after school Bible study group, CRUX, with its peaceful and welcoming environment, offered to expand ones' knowledge of Christian ideas. Students in the group put together and performed many positive things such as "see you at the pole", and city-wide youth rallies. The adviser for the group was Ms. **Diane Tizzano**.

Members got together after school and discussed important topics.

Model UN helps students understand how difficult it is for all countries to work together

WORKING TOGETHER

During the fall, participating juniors and seniors got the opportunity to go downtown for four days throughout the season to participate in a Model United Nations simulation for high schoolers. Dividing up into small groups of 2-4 people, students were assigned a country and were required to thoroughly research their groups designated country. Participating in resolution caucuses, debates and lectures held at Case Western Reserve University, the actual United Nations was duplicated by these students from North Eastern Ohio schools. With Mr. **Roy Pignatiello** as the faculty adviser, the group conquered the international world successfully.

The Academic Challenge Team was under the supervision of Mrs. **Lucy Ott** and Mr. **Ed Klein**. The meetings were held every Tuesday and the students would come and hold mock competitions each week. The practices were conducted in a similar to the competitions. There were two teams which participated in two competitions throughout the year. The first competition was at Case Western Reserve University and hosted schools from four states. The second competition was more challenging and the teams placed well in both.

With much consideration the yearbook theme chosen this year was "Time of Your Life", commemorating the seniors last few moments together. Putting the book together took a massive effort from various individuals. The entire book was layed out on the computer using digital designs and mostly digital pictures. Almost four thousand pictures were taken and many were displayed in full color on the eighty pages of color. Mr. **Bill Von Benken** ran the show for the nineteenth year with help from many students working hard both during and after school.

TWO THOUSAND THREE

Every year the graduating class from Euclid High School got ready to begin their lives in the outside world. How well they were prepared for that task was influenced by the faculty and staff that the students encountered almost every day while they were in high school. The staff at Euclid was in a constant state of change. There were many older teachers that were in the process of retiring so therefore each new year saw many new teachers added to the roster. 2003 was even more significant since the superintendent of schools was also new with the retirement of Dr. **Kurt Stanic** and the arrival of Dr. **Joffrey P. Jones**. All the students at the school were influenced by these old and new teachers and staff as they wound their way through their high school years.

A lot of changes took place in the administration of the high school between the Spring of 2002 and the Fall of 2002. Mr. **Justin Antonini** retired and was replaced by Mrs. **Claudia Spencer** as Associate Principal. This also meant that Mrs. **Tina Elliott** was brought up and became the Twelfth Grade Unit Principal. In the Guidance Department there were also several changes. Mrs. **Audree Fox** retired and was replaced by Mrs. **Karen Brown.** Mrs. **Brenda Barker** also retired in June of 2002 but her replacement didn't come through so Brenda returned to Euclid after her two month 'retirement' and took over her former counseling duties. REACHING OUT AND TOUCHING LIVES

Euclid's staff helps students to reach their potentia

One of the purposes of the high school was to supply information and guidance to the students at the school. The students entering Euclid High School as freshmen were mostly immature and unknowledgeable of the ways of he world. It was the purpose of the staff to change these students into the more mature and knowledgeable young men and women who graduated and would take their places in the adult world. Euclid's staff did that by setting good examples of behavior learning patterns and imparting useful knowledge. High school students experienced thousands of events as they passed through their tenure at Euclid. These events made them into the people they would become. The staff at Euclid did much to influence what these students would become.

TWO THOUSAND THREE

The underclass was the largest part of the school. It consisted of the ninth, tenth and eleventh grades. There was a great amount of maturing that went on during those three years. Ninth graders entered the school with an awe struck attitude about the overwhelming size of the school and by the end of their junior year had matured into individuals that had a great understanding of how the school functioned and were a participating part of the life at Euclid High School. For many of the students this was the best times of their lives.

Juniors

Being a junior was sometimes a problem for high school students. They had been at the school for several years so they knew the lay out of the building and the rules for getting along with the teachers and their peers, but they were not at the top of the pecking order. That would have to wait for another year. Many hard working juniors were able to achieve status in school organizations but they were still just juniors and, therefore, were not treated with the same respect as seniors. Many worked hard and looked forward to their senior year when they would be at the top of the ladder. These were years when many memories were formed that would last forever.

SOPHOMORES

Being a sophomore was a great feeling at Euclid High School. By the time students became sophomores they knew their way around the building and could get to classes on time. The maturity level also increased and most of them had an idea of what they were interested in and the kinds of classes that they should be taking. Students were becoming interested in activities and were participating in more activities. They were doing things that they would remember all their lives. They were becoming real people.

Zavinta Maleckaite and **Alisa Medenis** had many happy moments together discovering things in class.

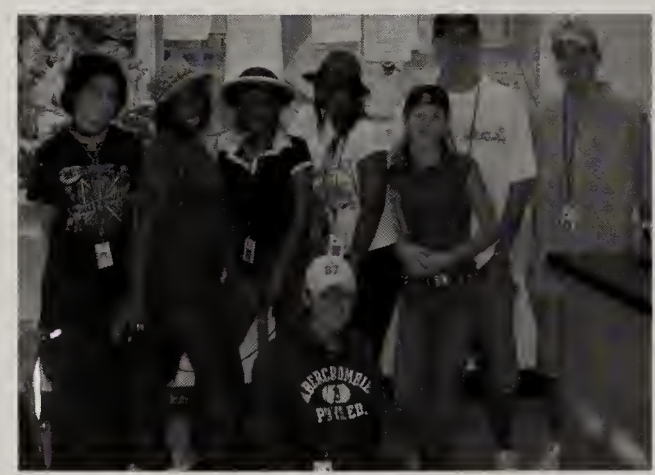
Linda Berry and **Stephanie Tartaglione** enjoy playing sports.

Scott Sattler had lots of memories of his days on the field.

Stephanie Maxwell and **Halle Ivancic** will always remember their fun times on the volleyball court.

Flag Corps performing. **Matt Zuzic** and **Daniel Zudic** going for the ball. Sophomores participated in Student Council.

Craig Stigamier, Cathy Smedley and **Andrew Kramer** working in the laboratory. Drill team practicing. Mediators learning.



Some sophomores enjoyed getting dressed up for spirit days.

Greg Ehrhardt and **Albert Estvander** enjoyed recreation by playing chess with the chess club.

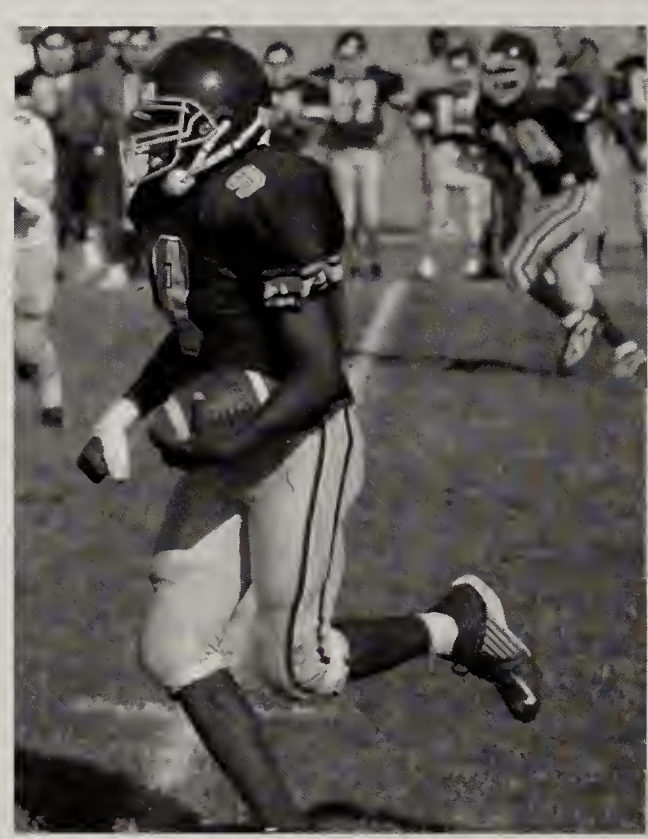
FRESHMAN

Boy is this place big!", was a remark heard many times the first few weeks that the freshmen were at Euclid High School. The freshmen were the youngest and smallest of the students in the school and at times found the building overwhelming. Many mistakes were made as the freshmen roamed throughout the halls in search of their classes. When seniors wrote about their most embarrassing moments many of them during their freshman year when they were unfamiliar with the building. Large changes occurred as freshmen matured as they became upperclassmen. There were many memories that the students would carry with them throughout their lives.

The freshmen football team worked well together and finished the season with an excellent record.

The freshmen were an integral part of the life at Euclid High School.



Jamal Janey gained many yards and made a valuable contribution to the freshman team.

Brittany Shy did an excellent job at second singles on the tennis team.

The girls on the volleyball team worked hard together.

Effie Stansberry was a valuable asset for the soccer team.

TWO THOUSAND THREE

The nice thing about a yearbook that came out in the Spring was that everyone was still in school and students were together and could reminisce about the year and have friends sign their yearbooks. The problem with a Spring yearbook was that all the events that occurred after the final deadline at the beginning of March could not be included in the book. Because of that, this memories section shows events that occurred at the end of the 2001 school year.

Big Show was presented on March 14,15 & 16 in the auditorium. The play was *Footloose*.

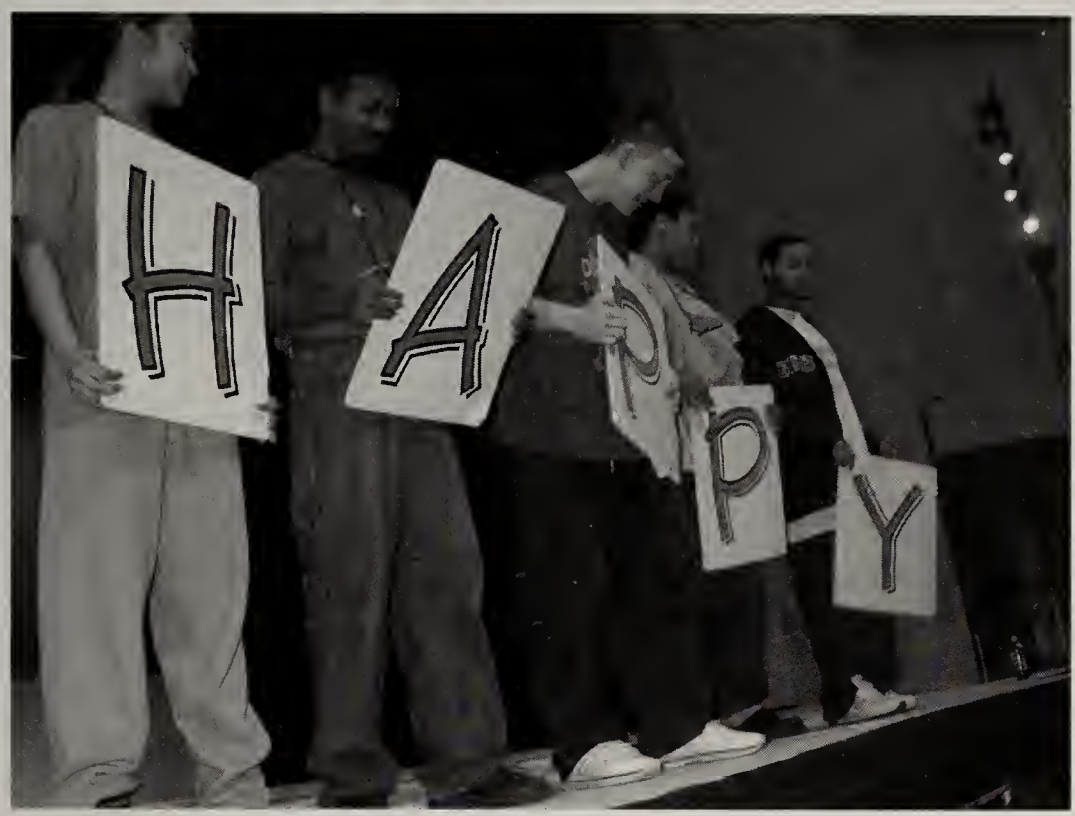
AP chemistry students watch water vapor being condensed out of the atmosphere as liquid nitrogen is poured down the stairs.

The softball team worked hard to accomplish much in the Spring.

Jarod Miller and **Dave Harrold** were members of the boy's tennis team that played in the Spring.

On April 26, 2002 the music department held a concert for Dr. **Kurt Stanic** who was retiring from the Euclid Schools after 13 years as Superintendent. The Ordhestra, Band, Jazz Band, Choral Masters and Varsity Chorale held a goodbye ceremony for him. The sign reads "THANK YOU DR. STANIC!" but is difficult to read in B&W since every other letter was yellow.

MEMORIES y2k³



On April 9, 2002, **Harvey Alston** spoke to the juniors and seniors in the auditorium. He talked about being motivated and being successful in life. He had students come up from the audience to hold letters representing ideas they should follow.

The baseball team gathered together in the dugout before the game began.

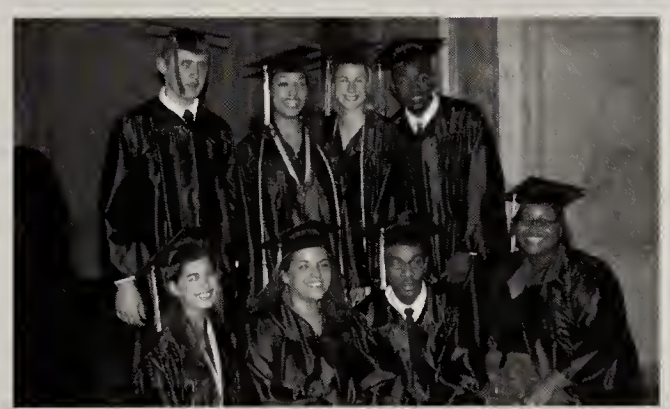
Left: On March 28,2002, the day before Spring Vacation began, Student Council sponsored its annual senior vs faculty basketball game. It gave the faculty a chance to show off their abilities to the seniors.

Right: On April 13, 2002 Euclid presented its annual Fashion Show to show what students should be wearing. It turned out to be much more than a fashion show since there was singing and food.

Left: On May 23, 2002 the Art Department sponsored its annual Art Show showcasing the students works on the auditorium stage.

Below: Commencement occurred on May 31, 2002 at the Palace Theater

Below Right: On May 9,10 & 11 Euclid presented its annual Spring Play entitled *Expect Respect.*



Far Left: Prom was held at Landerhaven on Friday, May 17.
Left: The Senior Awards Assembly was held in the auditorium on Tuesday, May 21.

SWINGING AND HITTING

The 2002 Panther baseball team had a tough year and finished with a 15-11-1 overall record. The good news was that they had an L.E.L. record of 5-3 which was good enough for second place. The season was a wet one with lots of rain delays and soggy field conditions.

FAST PITCH SOFTBALL IMPROVING

The 2002 varsity softball team had the best season in the Euclid's fast pitch history, despite having to overcome a coaching change and infielder's injury early in the season. Mr. **Ron Zucca** and Mr. **Greg James** coached the varsity team this year, with the help in the play offs from Mr. **Sam Santilli** and Mr. **Craig Haywood**. The girls had a record of 14-13, which met and surpassed the goal of having a .500 win record set in the preseason. The girls also beat their goal of making it to the district tournament, which they took a second place in and they had the best record of any girls's varsity team in the school this year. The team was made up of twelve talented players: seniors, **Maria Gaglione, Christina Hagenbaugh, Vickie Ott** and **Ekria Stahre**; juniors, **Stephanie Krofcheck, Nicole Mann, Cory Mc Redmond, Heather Rufo**, and **Stephanie Svoboda;** sophmore **Amanda Raymond**; freshman, **Tiffany Compton** and **Stephanie Tartaglione**.

TRACK STARS SHINE

The 2002 Boy's outdoor track team worked hard but found it hard to dominate the league and finished the season with a 4-3 record. They suffered somewhat since they did not have the dominating athletes that they had in the past. Because of that the team did not do well in the big meets finishing in the middle of the field.

STRUTTING OUT

Fashion Show showed off senior's talents

Bob Gecewich and **Segundia Mc Pherson** were the emcees for the show.

Marcus Epps and **Catrera Dean** sing while **Jennifer Kope** and **Kurt Schnell** dance.

Diondre Smith, Nicole Pritchett, Carla Smith and **Jasmine Oliver** dancing.

The seniors were in Prom bid trouble and, with less than two months left, they were running out of fund raising time. The bid was up to $175 per couple, but Mrs. **President** had a vision that would bring the prom bid down to $130. That vision was of a successful fashion show with a big turn out. The turn out was in fact very big being that a lot of well known and popular people were going to be in it, also the free barbecue didn't hurt either.

The fashion show opened with **Segundia Mc Pherson** and **Robert "Bob" Gecewich** as the emcees for the evening. With Segundia's style and beauty and Bob's laid-back humor, they were the perfect duo for hosting the show.

There were six main parts to the show separated as follows: Prom Scene, Party scene (also after prom), 60's, 70's, 80's, and 90's To get you thinking about Prom night and the mood that came with it, there was a duet sung by **Marcus Epps** and **Catrera Dean**. The scene was filled with different colors and style tuxedos worn by the gentlemen as well as surprising and subtle dresses worn by the ladies. It was a great way to start the show and really set the pace for the rest of the night's festivities.

After the Prom scene came the after Prom scene better known as the Party scene. After the random dancing segments there was the Soul Train line which included imitations of Brandy by **Laniece Richardson** and Usher by **Robert Hudson**. After this there was a performance by the Euclid High Drill Team and a solo performance from **Elana Wells** singing Whitney Houston's "I Will Always Love You".

The 60's Scene consisted of an Austin Power's skit by **Chris Hongosh** and the 70"s Scene with an excellent imitation of Shaft by **Michael Reeves.** The 80's Scene had two Michael Jackson dance video imitations: "Billy Jean" by **Jerry Gatewood** and "Beat It" by **Carla Smith.** Also a spectacular Madonna impression was done by Jennifer Cope. The last scene to the show was the 90's Scene which included a show stopping performance of "Rhythm Nation" led by **Tierra Mitchell** as Janet Jackson. This was the scene in which Mrs. President almost danced herself to death.

After the show was a barbecue party in the cafeteria with a deejay. A lot of dancing and eating was going on and it set the tempo for the Cotton Club afterwards.

KEEP THE FEET MOVING

From the exciting dance club opening to the closing prom scene, the 2002 Big Show, Footloose, was probably one of the best in recent EHS history. It included high energy performances of such eighties hits as "Footloose" and "Let's Hear it for the Boys" while telling the story of Ren, a teen from Chicago who moves to Beaumont, a small town in Texas where dancing was outlawed because of a local tragedy years before. Ren fights for the trust of the people in the town, freedom and the right to throw a dance with the rest of the local teens including Ariel, the preacher's daughter. The two teens end up finding love between themselves. This year's cast was amazingly talented and included **Alison Baranowski** as Ariel and **Marcus Epps** as Ren, along with **Anthem Doolan** as Reverend Shaw Moore, **Leslie Penko** as Vi Moore, **Austine Clark** as Ethel McCormick, **Daniel May** as Willard, and **Alana Purvis** as Rusty. The incredibly talented supporting cast and chorus of singers and dancers along with stage crew and pit orchestra helped to make footloose an amazing show.

-Michelle Connavino

Spring Play gave insights into student interactions

The 2001/2002 Spring Play was entitled Expect Respect: Healthy Teen Relationships. The play was written by **Willie Thomas** and the Thames Valley School District. Edited by **Molly Cornwell** of Hathaway Brown School. The play was performed in the little theater on May 10th and 11th at 7:00pm. The price to see the play was four dollars for everyone. The play was performed by **Jennifer Walker, Katie Sivik, Jessica Morris, Cathy Smedley, Stephen Manes, Daniel May, Kyle Collins**, and **Jason Weber**. Directing the play again was Mrs. **Tina Peterson** and **Brigid Sarns-Gaunt** as the student director. The play taught the audience how to deal with relationships without losing self-esteem, respect for others, and personal dignity.

Four EHS alumni were honored when they were inducted into the Distinguished Achievement Hall of Fame for their career achievements and contributions to the students of Euclid High School.

-Stephanie Black

In the 2002 Senior Art Show, seniors displayed their works throughout Euclid High School. This gave them a chance to share their work with the community and gave them a chance to experience what it was like to take part in a professional art show. The students also had an opportunity to sell their works. Most seniors felt that it was an enriching experience. The Art Show was a great way to show off Euclid's artistic talents and the excellent art department Euclid offered to it's students.

-**Tamika Nunley**

Retiring at the end of the 2001-2002 school year was Mr. **Justin Antonini,** Associate Principal. Prom was the big formal end to the year

The 2002 Prom was held at Landerhaven. Many couples attended the extravagant event and had a great time. After arrival and taking their pictures, dinner was served buffet style, which wasn't common in past years. Many students had mixed opinions about this new procedure. The students had a fun time at afterprom. All the students who attended prom had the time of their lives.

GETTING STARTED

Seniors ready to go out into the real world

Waiting around before commencement was about to begin was a fun time for the seniors.

Commencement was held at the Palace Theater on Friday, May 31, 2002 at 7:00 pm. The graduating class processed in as "Pomp and Circumstance" was played. The Varsity Chorale, Choral Masters, and Voices of New Life sang the National Anthem, the Alma Mater, and a farewell selection. Superintendent, Dr. **Kurt Stanic**, an principal Mr. **Ronald Seymour**, began the evening with introductions and short speeches. Myron L. Cannady

Myron,

Our first born. We never imagined that a little 'green' baby would bring us so much joy. Watching you transform from a chubby little boy to a handsome young man has been bitter/sweet. It's difficult imagining college already, especially when we can remember changing your diapers.(smile)

Myron, you have been such an integral part of our daily lives that we are not ready to change it with distance. However, we know that God will continue to look after you and has already began preparing you for the future away from home.

Not only will we miss you, but so will your little sister, family and friends. You have been an inspiration and motivation to many and we thank you for that. We also thank you for being God-fearing, compassionate, and always ready and willing to help others.

We are very proud of you, love you dearly and support you now and forever. Always remember to keep God first and everything else will fall into place.

Love and God Bless,

Mom, Dad and Kay

p.s. You will always be our "Pooh".

Shawn Haynes

My dearest Veronica,
It is said that middle children have a harder time in life. I personally think that middle children are destined to success, happiness and love, simply because they have to scratch and scrap along the road less traveled. This road, albeit difficult, allows them to experience trials and adversity as well as excitement and wild-eyed wonder and surprise. They learn to appreciate all the world has to offer and at the end of their journey find that they have Lived Well-Laughed Often- and have Loved and Been Loved Much along the way. My child, you have only started down this road, but I am proud of the progress you have made on this journey we call life.
Our Greatest Love and Admiration,
Mom, Dad, Kristina, Michael, Andrea

Jennifer Scott

As you go your separate ways always remember the special days. From the special days always remember the special moments - the dances, the parties, the clubs, the activities, the teachers, the friends, and the academic goals you have achieved. Remember being a four year majorette, and a cheerleader. Always feel honored that you were selected Captain of he majorettes and the cheerleaders in your junior year. What a memorable senior year!

The thrill and the excitement of participating in the 2002-2003 Capitol One Bowl half time show as a majorette in Orlando, Florida. The endless pride and the fun you had experiencing one of your best friends being elected as Homecoming Queen. You both made front page news! Now it is time for you to close your locker for the last time. As you walk down the hall and out the door you will be taking with you all your knowledge and accomplishments. Know you are going forward with the love and support of your family and friends. You are truly a wonderful and special person. We are all VERY proud of you.

Tara Shimooka

Tara -
I hope you never lose your sense of wonder
You get your fill to eat
But always keep that hunger.
May you never take one single breath for granted.
God forbid love ever leave you empty handed.
I hope you still feel small
When you stand by the ocean.
Whenever one door closes,
I hope one more opens.
Promise me you'll give fate a fighting chance.
And when you get the choice to sit it out or dance,
I hope you dance.
I hope you never fear those mountains in the distance.
Never settle for the path of least resistance.
Living might mean taking chances
But they're worth taking.
When you come close to selling out
Reconsider.
Give the heavens above
More than just a passing glance.
And when you get the choice to sit it out or dance
I hope you dance.
Love Always,
Mom & Dad

Netta V. Shaw,
When you were born, we all were so happy, just to know our beautiful baby girl had arrived into the world. Before you came there were already four brothers, and all our lives were not the same.
We all love you so much, you've made us all proud. The world is a challenge, but you'll make it far if you continue just as you are. With your many accomplishments, we know you'll go far, because truly you're our shining star, and beautiful you are.
Your Family,
Dad, Mom, Brothers

Jennifer Vandegrift

It's hard to believe how fast time has flown by. It seems like only yesterday we were bringing you home from the hospital "our little miracle". And now, here you are graduating and starting a new part of your life. We are so proud of you. You have brought so much joy, happiness and laughter into our lives. God has blessed you with many talents and intelligence, compassion and sensitivity. I pray you'll continue to use them for God, and that He will keep working through your life. Whatever you do, always do your best and work hard and you'll succeed. But, most of all, keep God first in your life and trust in Him and He will guide you. Always remember Proverbs 3:5,6 and Phil. 4:13. I'm excited to see what plans God has for your life. God bless you and keep you in His care wherever life takes you. We will always be here for you and we love you very much!!
All our love,
Mom, Dad & Jessica

Dearest Katya,
It goes without mention that we, your family are extremely humbled by your achievements. As an admirer, I've watched you grow into an amazing and kind young woman, someone who has continually shown promise and good-will, all the while remaining focused and dedicated to your family as well as your future. You have extended your heart in so many ways, and as you complete the final page in this chapter of life, know that we will be there to walk you through it, and if need be, we will do it hand-in-hand. And as you walk the stage and receive your prize, also know that you have our withstanding and undying support. For it is clear that you are ready to take your place among the many great women of our family and society. Always dream big, never relinquishing or being less than who you are.
With Pride,
The Family

Stephanie Michelle Svoboda,
We are so proud of you! Keep your goals high and off to the corner and you will always find success.
We love you!
Dad, Mom, Zak

As a little boy, you built your toys
Of Lego's and Building Bricks,
You built them tall, you built them wide
Your imagination ticks.
Your sense of humor was always here (and still is)
Those goofy smiles everywhere.
Never having a care.
Always marching to your own tune. (A jazzy trumpet tune)
No one ever to change your mind soon.
Marched on EHS field and on their stage-
Into everyone's hearts-
You always amaze.
You're grown now, Ready to take flight
New adventures; take things to new heights.
Keep building your dreams wide and tall.
Keep your sense of humor, Thank God for it all.
Remember your humble beginnings but most of all...
Remember how much your Dad and I love you and support you in all you do
In addition, your sister too! We are family!
Always keep God's peace inside you and remember WWJD!
WE LOVE YOU

CLOSING

Colophon

Jostens Printing and Publishing Division at State College, Pennsylvania printed 460 copies of the 2003 *Euclidian.* The pages were printed on Gloss 191 paper stock and included 80 pages of full color. All pages were created using Adobe PageMaker 7.0 running on a Macintosh G3 computer at the beginning of the year and then a Macintosh G4 computer after Winter break. The operating system was converted to OS X 10.2.3 with the G4 but PageMaker had to run in Classic mode since there were no OS X versions produced. The G4 had 1 GB of RAM and a 120 GB hard drive and all files were backed up onto a pair of fire wire drives connected to the G4. A 21" color, two page monitor working with a 17" flat screen monitor made page layouts much easier. An iBook lap top computer was also used to take data back and forth between school and home. Almost all of the pictures in the yearbook were digital. Most were taken with a Nikon D100 SLR digital camera with others being taken with either a Nikon Coolpix 990 or Coolpix 995 digital camera. The images were processed with Adobe Photoshop 7.0 or with Adobe PageMaker 7.0. Microsoft Excel was used to make charts and keep databases for the students. The index was produced using Jostens Last Name First program. Copy was printed out on either a Hewlett Packard 970Cse Inkjet or HP III Laser or HP 3330 Laser printer. All the pages were sent to Jostens on CD ROMs since floppy disks can't hold enough information. The cover was designed by the **Jostens Art Department.** Pages were submitted to the plant on five deadlines; November 1, November 29, December 20, January 31 and February 28. Since the final deadline was in late February nothing that occurred after that time could be included in the book. The pages were submitted in double page spreads. The picture patron option was again very popular with eighty-five students having their pictures included on more than thirteen pages. New this year was the picture patrons being in full color. Also a high percentage of the students ordered their yearbook with their name imprinted on the cover for easy identification. Some students ordered the two CD set of digital pictures that contained most of the pictures that appeared in the yearbook in full color plus many others that didn't make it into the book. The files were stored in JPEG format and were accessible using most computers.

Thank You

The staff of the 2003 Euclidian would like to extend thanks to all who helped to make this book possible. First and foremost, thanks have to go to the adviser, Mr. **Bill Von Benken** for the many long hours of hard work and planning that had to be put in to get the entire operation going and to keep it going. Others to be thanked are: **Ohio School Pictures, Inc.**, for taking the team pictures and the senior and underclass and staff pictures. **Jostens Yearbook Company** for putting it all together in such an artistic manner, Mrs. **Jennifer Beatty** for all the time she spent arranging photography dates and supplying needed materials, Mrs. **Marsha Knauss** for all the time and work she did trying to get the senior and underclass pictures taken and chosen, and all the writers and photographers who contributed their time, and last but not least, the entire student body at Euclid High School without which the book could not exist.

Staff

Many people helped in some way with the 2003 Euclidian. Some wrote stories while others worked on the laying out of the book. **Jessica Ivancic** and **Jenny Janda** did a lot of work with imputing stories and making up the lay outs. **Michael Zudic** did a lot of story writing and helped with laying out the pages. Other students who helped in various ways were **Maria Tahir, Anisa Kristollari, Alisa Medenis, Chynell Granan, Emily Kliever,Negean Mobasseri, Jenna Church, Daniel Zudic, David Heindell, Robbie Vazquez, Natalie Greene,** and **Kate Kinison .**

Disclaimer

The 2002-2003 school year is history. Many interesting and significant events occurred during that time and the *Euclidian* tried to cover as many of them as possible. This was difficult due to the limited staff. If we missed something, we are sorry. We sincerely apologize for any errors or omissions that occurred in the book but this is a single printing of a high school yearbook and errors will occur.
